The Great Mortgage Sale.

Yesterday morning at 8 the doors of the former Sherman Clothing House were thrown open for our mortgage Our expectations were more than realized. The clothing consumers of Grand Rapids know a good thing when

they see it, and the store was crowded with ready buyers all morning.

The reason for the extraordinary good trade we are having in this sale is not hard to find when we consider the prices that the goods are being sold at. Suits that are well worth \$8 go in this sale as \$3.75; \$1.50 pants go at 65c; reg-ular 75c shirts go at 19c; fine all silk neckties go for 15c, and other goods go the same way. At the present rate this we'll selected, clean stock will not last

CHART UNITED STATES

WORLD A \$10.00 Atlas condensed and compiled in the most com prehensive and ready reference manner possible, and printed

on one sheet of paper. A large map of the world with a special Map of the United States, England and Wales, Germany and Norway and Sweden — comprehensive diagrams of mountains and rivers, an alphabetically arranged compilation describing every country in the world, and its location indexed. On the front of this marvelous publication we have

printed the LARGEST and BEST MAP of the

UNITED STATES ever made on a single sheet of paper. Each state is shown in separate color, with a special transparent outline designating state and county boundaries.

It is carefully corrected to date, showing every line of railroad and all important cities and towns. It is large enough and complete enough to fully meet the demands of a student or business man. A child can, with this map, study the geography of the United States with intelligence. The reader can, with accuracy, locate the notable happenings of of the day, and the merchant can lay out routes for his tra-

velingmen, or ship goods with economy.

In fact, it is a COMPLETE and ACCURATE map of the United States, 66x46 inches in size. On the other side we have printed the library chart of the WORLD,

A panorama of the surface of the globe, on Mercator's Proection, with its lands and water, mountains, rivers, lates bays, seas, and islands, all properly located and beanifully tinted by our patent process of oil colors.

Around the margin of the map we have printed statistic-

cal and descriptive matter of more value than can be found in any volume that was ever publis hed at Three Times the ost. The different divisions of the world are arranged by continent to show their area, form of government, chief executive, capital, and population. A series of short articles arrange alphabetically give, in a remarkably concise and comprehensive form, a description of every country or government in the world, no matter how small, together with its chief products, exports and imports, and its exact location on the map shown by our ready reference index
